SPORT TYNEDALE 2020 – RECOGNITION FOR SPORT IN WEST NORTHUMBERLAND DURING COVID PANDEMIC

Supported by Egger (UK) Ltd and Red Hot Property

“Never let a stumble be the end of your journey”

Sport Tynedale have made the difficult decision to cancel the 2020 Sports Awards, however as we are aware of the great lengths that people have gone to for sport to continue, albeit in an adapted format, we have decided that we would like to recognise the following: -

1. the adaptability, determination and efforts of those who have gone above and beyond to continue to participate and volunteer in sport. We feel it will be unfair to host the usual annual categories so will look at each application on its own merits.
2. The inspirational stories of local people/ clubs/ schools/organisations/ communities participating in sport and physical activity during these times. These will be stories that we can share (hopefully by making a short video and / or written story) that will motivate people to get active. We want to showcase a cross section of our community and activities where getting active has helped your physical and mental health. Can your story inspire someone else? We are interested in all forms of activity, including walking, home exercise and formal sport. Examples may include an individual who has started with a daily walk, people who have come together to be active, people who have set a fundraising challenge or a sports club that has totally adapted to continue participation and to survive financially.

You are welcome to make multiple nominations

The format to recognise people will be decided in January 2021, to comply with current measures.

Closing date is Tuesday 5th January 2021
